High Sharpe Portfolio Performance Disclosure: Readers of the information contained on this presentation should be aware that any action taken by the viewer/reader based on this information is taken at their own risk. This information does not address individual situations and should not be construed or viewed as any typed of individual or group recommendation. Be sure to first consult with a qualified financial adviser, tax professional, and/or legal counsel before implementing any securities, investments, or investment strategies discussed. Any performance shown for the relevant time periods is based on backtested results applying the quantitative methods of Bishop Financial Services LLC investment process.

Portfolio performance is shown net of the advisory fees of 2.00% for the High Sharpe Portfolio, the highest fee charged for accounts managed by Bishop Financial Services, LLC and trading costs based on our Custodian's [Interactive Brokers] trading costs. Performance does not include the deduction of other fees or expenses, including but not limited to margin expenses or income. Performance results shown do include the reinvestment of dividends.

The data used to calculate the portfolio performance was obtained from sources deemed reliable and then organized and presented by Bishop Financial Services, LLC. The performance calculations have not been audited by any third party. Actual performance of client portfolios may differ materially due to the timing related to additional client deposits or withdrawals and the actual deployment and investment of a client portfolio, the length of time various positions are held, the client's objectives and restrictions, and fees and expenses incurred by any specific individual portfolio. Benchmarks: The High Sharpe Portfolio performance results shown are compared to the performance of the SPY ETF (S&P 500 Exchange Traded Fund). The index results do not reflect fees and expenses.

Return Comparison: The SPY Benchmark was chosen to reflect performance of the broad market.
